

ENDORSEMENTS

Dr. Darvin Smith, M.D. – Director of Addictive Behaviors, University of the Nations, President of ISAAC

"The Genesis Process provides a practical guide for counselors and clients to develop an innovative and effective relapse prevention program using Biblical principles and the latest brain chemistry research. The major challenge in treating addictions is to reduce relapse while integrating them into a healthy lifestyle. I recommend this process to all those who are relapse prone and want sobriety and a changed life."

Dr. Jean LaCour – PhD, CAAP - Dean of Net Training Institute for Addiction Studies

"At last! A relapse prevention process based on client participation, counselor involvement, and proven counseling techniques. Clients gain insight into subconscious wounds that have driven their addiction behaviors. The workbook is appropriate for both residential and out-patient settings."

Jan Marshall – Director Shepherd's Door Women's Program, Portland, Oregon

"We have watched our clients enter the Genesis portion of their program and seen a remarkable thing happen. Women are truly emotionally courageous as they face the false belief systems that drive their behaviors, choose to resolve the pain of their past while creating a recovery plan that really works. It has made a profound difference in our program."

Pastor Ted Roberts – Senior Pastor, East Hill Foursquare Church, Gresham, Oregon, Author of the Pure Desire Process for Sexual Healing
"The 'Genesis Process' is a gift from God. It's relevant, biblically balanced, effective and profoundly practical. It is able to help folks who may have lost hope not only find it again through real change and healing, but also for them to experience the Grace of God. Michael Dye has caught the heart of God in a marvelous way."

presents

The GENESIS PROCESS Counselor Training Seminar

by
Michael Dye, CADC NCAC II

November 9-13, 2009

Regina, Saskatchewan

Hosted by:

Harvest City Church
2202 8th Ave. N.
Regina SK S4R 7T9

THE GENESIS PROCESS

The **Genesis Process** is an integration of Biblical principles, proven relapse prevention techniques, cognitive therapy, and the latest research in neurochemistry. This process has proven successful in maintaining long-term recovery in clinical trials and recovery programs.

The **Genesis Process** is successful because it deals with subconscious relapse patterns by addressing the underlying faulty belief systems that support them.

Client use of the Genesis Process Workbook, when facilitated by a Certified Genesis Process Counselor, has proven successful in diverse settings. While the Genesis Process' main target is the chemically dependent, it is easily adaptable to other self-destructive behaviors. The process is also sensitive to each client's level of spiritual maturity.

GENESIS TRAINING COVERS

- ▶ Neurochemistry's impact on pervasive and unconscious relapse
- ▶ Assessing the client's willingness and capacity to change
- ▶ Uncovering and challenging faulty beliefs and destructive behavior
- ▶ Turning mistakes into growth
- ▶ Reducing self-sabotaging behavior
- ▶ Addressing root causes of behavior
- ▶ Seeing and interrupting "dry relapse" patterns
- ▶ How to develop a successful Grace based healing Recovery Program.
- ▶ Promoting steady growth in seven critical areas that will ensure long term recovery
- ▶ Creating true healing through client / counselor partnerships with God
- ▶ Administering spiritual healing to the roots of addiction
- **NEW: You will also learn to use the new Genesis Process for Change Groups.**

PURPOSE OF GENESIS TRAINING

The **Genesis Counselor Training Seminar** is designed to prepare and certify counselors in Relapse Prevention. Genesis is able to accurately predict a relapse of self-destructive behavior a minimum of two weeks before it happens by a device called "The Faster Scale."

Who can benefit from the Genesis Training?

- ▶ Pastoral, Lay, and Professional Counselors
- ▶ Outpatient Clinic Staff
- ▶ Residential Recovery Program Staff & Interns

COUNSELOR TRAINING SEMINARS

Genesis Counselor Training is designed for counselors of clients with recurring addictive, compulsive behaviors. It is a five-day intensive, interactive seminar that includes individual and group exercises. The training is 6-8 hours a day with 2-3 hours of homework a night.

You will learn effective, problem-solving techniques built around a comprehensive, ten-process client workbook and separate step-by-step counselor's guide. You will also become eligible for the **Genesis Process Certification** by completing a case study.

AUTHOR / PRESENTER

MICHAEL C. DYE is a California, National Level II, and International Certified Addiction Counselor. He has worked with hurting and addicted people for over 30 years. As a missionary with YWAM for 10 years, he has had hands-on experience with compulsive behaviors in many cultural settings while designing and directing residential recovery programs. Along with his private practice, Michael is currently working full-time to train counselors in the Genesis Process.

CEU's curriculum provided for local certifying boards.
